

Churchill Community College Vision 2016/2017

We Expect Excellence We aspire to achieve excellence in all aspects of our work.

- * Adding significant value to all students as well as helping all students to reach high standards
- * Using our outstanding school status, our designation as a Teaching School and our Sports College work to support outstanding academic progress, outstanding teaching and learning, the development of leadership qualities in all and healthy life styles.

We Require Commitment and Respect to and from Everyone

- * We will always work to see things through to the end. The success of our young people is paramount and we will seek to find solutions in all situations.
- * Everyone will act as a good role model, respecting the talents and achievements, feelings and choices of others

We Achieve This Through:

Communication

- * It is the responsibility of everyone connected to this College to ensure there is open timely and highly effective communication designed to support outstanding progress.
- * The College is committed to exploring the most appropriate means available to communicate our work and success

Teamwork

- * People working together to deliver and support learning:
- * Students working with staff and each other to enhance their own and others learning
- * Parents who work closely with their young person and the College to support

outstanding progress

- * Staff working together for their professional development
- * Staff working with staff in other schools to support them and learn from them

Innovation

- * Being prepared to take calculated risks to develop individuals and the organisation.
- * Using ICT to support outstanding progress.
- * Our work will be at the leading edge of development with an attitude that we embrace change and we utilise it for our own future success

Community

- * We are a community resource able to recognise and serve the needs of our local community to raise aspirations.
- * We are part of a regional, national and international community preparing our students to be part of the global community

Recognition

- * We have culture where people recognise the achievements of others and celebrate them through praise and reward structure
