

Homework @ Churchill

For academic year 2014-2015 Churchill Community college are introducing two new systems to improve standards of homework and to help parents support their child with completion of homework

All KS3 homework will be set following the homework timetable – see below. This is to ensure all parties, staff, students and parents know when and what homework is being set for a particular week in the term

1 - PUBLISHED HOMEWORK TIMETABLE

Students will be given 1 week from receiving the homework to complete and return it.

Please note that this is only the minimum amount of homework to be set, further homeworks can be set at the discretion of the teacher and the timetable may change every half term where necessary.

| KS3 Autumn Half Term 1 HOMEWORK TIMETABLE | | | | | |
|---|-------|------------------------|------------|------------|---------|
| Week 1 | 1/9 | Inset and Introduction | | | |
| Week 2 | 8/9 | English | | | |
| Week 3 | 15/9 | Technology | Maths | Art | |
| Week 4 | 22/9 | English | Humanities | Food | Spanish |
| Week 5 | 29/9 | Science | Maths | Technology | |
| Week 6 | 6/10 | English | Humanities | IT | PE |
| Week 7 | 13/10 | Food | Maths | Technology | MFL |
| Week 8 | 20/10 | English | Science | Music | |

For KS4&5 subjects that are being externally assessed all students should expect to receive 1 piece of homework per subject every week. However this is flexible and is left to each teacher to set.

2 – SHOW MY HOMEWORK

A new online way of setting homework which parents can check easily.

The software is called showmyhomework and is a very easy way of setting, monitoring and accessing all homework set at Churchill Community College.

At the bottom of this page there is a step by step guide on how as parents and guardians you can view the homework that has been set for your child and access the actual homework task and view the date it is due to be handed in.

On the opposite side there are screen shots showing each page to make it easier for you to use. Please note that you do not need to sign up or hand over any personal details to view the page.

We hope that with greater parental support and a consistent approach to setting homework that students will develop a consistent and positive attitude towards homework and completing it. Homework is very important in reinforcing and consolidating learning as well as developing independent learning skills
